

Fresh Food Storage Container, 1.8L (FFC008X))

Food is only as good as it is fresh and by taking air out and sealing flavour in with the FoodSaver System, you can confidently nourish the ones you love. FoodSaver vacuum sealing systems preserve the freshness and nourishing qualities of your food, reduce waste and help you lower your weekly food budget. By using the tightest possible seals to prevent air and moisture from getting to your food, the FoodSaver system prevents freezer burn while locking in nutrients, taste and freshness up to five times longer than traditional storage methods.
