

TP Link 8-Port Gigabit Easy Smart Switch with 4-Port PoE (TL-SG108PE)

The TL-SG108PE is an 8-port Gigabit Easy Smart Switch with 4 PoE ports, represents a powerful upgrade from an unmanaged switch. It is designed specifically for small businesses that require simple network management and PoE function. The TL-SG108PE can connect and power up to four PoE devices, such as wireless access points (APs), IP cameras, and IP phones. Through its web-based user interface and management utility, the TL-SG108PE offers a variety of useful features, including network monitoring, traffic prioritization, and enhanced QoS. Additionally, with port-based, tag-based and MTU VLAN, TL-SG108PE can improve security and meet more network segmentation requirements.

Description

- 8 x 10/100/1000 Mbps ports provide instant large file transfers
- Equipped with 4 802.3af PoE ports with up to 15.4 W for each port
- Supports PoE power up to 55 W for all PoE ports
- IEEE 802.3x flow control provides reliable data transfers
- 15 KB Jumbo frame improves performance of large data transfers
- Effective network monitoring via Port Mirroring, Loop Prevention and Cable Diagnostics
- Port/802.1p/DSCP QoS enable smooth latency-sensitive traffic
- Abundant VLAN features improve network security via traffic segmentation
- IGMP Snooping optimizes multicast applications
- Web-based user interface and Easy Smart Configuration Utility simplify configuration
